Subject: Encana Oil and Gas USA Inc. Aquifer Exemption Application - Docket No. 3-2013

Hello Everyone,

I copied you on a message sent to the Wyoming Oil and Gas Conservation Commission, earlier today. I just wanted to clarify that the message contained an attachment with an EPA information request and comments. The enclosed information was developed from EPA's review of documents submitted on behalf of Encana Oil and Gas USA, Inc.'s Aquifer Exemption request. Feel free to contact me with questions, concerns, or comments that you may have regarding this matter. Thank you.
